- F<sub>2a</sub>, intravaginal prostaglandin, abortifacient efficacy of (Wentz, Austin, and King), 27
- Factor, epidermal growth, serum concentrations of, in human pregnancy (Ances), 357
- Fallopian tube, hemangioma of (Ebrahimi and Okagaki), 864 (Comm. in brief)
- Fertile woman, 45,X lymphocyte karyotype in (Grace, Quinlan, and Edge), 279 (Comm. in brief)
- Fetal adrenal, human, does play role in parturition? (Murphy), 521
- complications of amniocentesis (Grove, Trombetta, and Amstey), 1154 (Comm. in brief)
- depression, metabolite of meperidine related to (Morrison et al.), 1132
- distress and intrauterine death, new marker for detection of: alpha fetoprotein in maternal serum (Seppälä and Ruoslahti), 48

## Fetal—Cont'd

- electrophysiologic data, quantitative analysis of (Peltzman, Goldstein, and Battagin), 1117
- head, growth of biparietal diameter of, in diabetic pregnancy (Murata and Martin), 252
- risks and prevention of cervical cord injury in management of breech presentation with hyperextension of (Bhagwanani et al.), 1159 (Comm. in brief)
- health, comparison of maternal serum estriol and urinary estrogen determinations as indices of (Dubin et al.), 835
- with other estrogen indices of: maternal serum 17 $\beta$ -estradiol levels in normal and complicated pregnancies (Townsend, Gartman, and Crystle), 830
- heart and brain in sheep, on correlating. I. Following recovery from operation. II. Following maternal hemorrhage (Scibetta et al.), 946
- pre-ejection period of: detection during labor with Doppler ultrasound (Organ et al.), 369
- response to stress in term fetal lamb (Organ et al.), 377
- rate, continuous electronic monitoring of, during labor (Gabert and Stenchever), 919
- monitoring of one thousand patients in labor, clinical experiences with (Shenker), 1111
- homograft: "glioma" of uterus (Niven and Stansfeld), 534
- lung maturity, assessment of, by amniocentesis with lecithin/sphingomyelin ratio (Cedard et al.), 275 (Comm. in brief)
- determination of amniotic fluid total phospholipid phosphorus as test for (Nelson), 933
- maturity, amniotic fluid phospholipids and (Harding et al.), 298
- oxygenation, predictability of state of, from quantitative analysis of components of late deceleration (Myers, Mueller-Heubach, and Adamsons), 1083
- sheep, blood gas and pH changes during glucose infusion in (Fiser et al.), 942
- skin of abortuses induced by saline or prostaglandin, viability of (Park, Wentz, and Jones), 274 (Comm. in brief)
- Fetography (Daw), 718 (Current developments)
- Fetoprotein, alpha, in maternal serum: new marker for detection of fetal distress and intrauterine death (Seppälä and Ruoslahti), 48
- 1, in pregnancy (Cohen, Graham, and Lau), 881
- Fetus(es) has Potter's syndrome, obstetric complications when. I. Clinical considerations (Ratten, Beischer, and Fortune), 890
- "high weight for dates" (Ify, Chatterton, and Jakobovits), 238
- hypoxic guinea pig, aspirating amniotic fluid, surface tensions in lungs of (Klein and Becker), 842
- and neonates, fiberoptic oximeter for (Murayama et al.), 1125
- transmission of azathioprine and its metabolites from mother to: immunosuppression during pregnancy (Saarikoski and Seppälä), 1100
- Fever index: quantitative indirect measure of hospital-acquired infections in obstetrics and gynecology (Ledger and Krievall), 514
- Fiberoptic oximeter for fetuses and neonates (Murayama et al.), 1125
- Fibrin proteolysis, relationship of endometrial plasminogen activator to, in uterine cavity of rhesus monkeys (Shaw et al.), 983
- role of, in model of pregnancy toxemia in rabbit (Wardle and Wright), 17
- Fibroblast implants, autogenous, induction of intrauterine adhesions in rabbit with (Polishuk and Schenker), 789
- Fluid content, amniotic, of calcium, magnesium, copper, iron, sodium, and potassium in, from eleven to nineteen weeks' gestation (Nusbaum and Zettner), 219
- D(-)- $\beta$ -hydroxybutyrate, amniotic, and dysmature newborn infant (Smith and Scanlon), 569
- lecithin/sphingomyelin ratio(s), amniotic, clinical experience with. I. Antenatal prediction of pulmonary maturity (Donald et al.), 547
- in diagnosis of hyaline membrane disease (Lemons and Jaffe), 233
- in, in normal and abnormal pregnancy (Gluck and Kulovich), 539
- levels, amniotic, of uric acid and creatinine in toxemic patients—possible relation to diuretic use (McAllister, Stull, and Courey), 560
- mucoprotein, amniotic, in severe pre-eclamptic toxemia (Mukerjee and Sinha), 858 (Comm. in brief)
- phospholipids, amniotic, and fetal maturity (Harding et al.), 298
- pigmentation, amniotic, contribution of maternal hyperbilirubinemia to (Willoughby et al.), 11
- surface tensions, amniotic, in lungs of hypoxic guinea pig fetuses aspirating (Klein and Becker), 842
- test, amniotic, evaluation of, and its relationship to respiratory distress syndrome (Merkus et al.), 859 (Comm. in brief)
- total phospholipid phosphorus, amniotic, determination of, as test for fetal lung maturity (Nelson), 933
- Fluorescence and acridine orange in diagnosis of gynecologic neoplasia in vivo (Hammond), 272 (Comm. in brief)
- Fluorescent staining of cervical smear for presence of Y chromosome, prenatal sex determination by: evaluation (Goldstein, Lukesh, and Ketchum), 866 (Comm. in brief)
- Fluoride, cyanide and, effect of, on incorporation of labeled palmitate into placental triglycerides. I. Triglyceride synthesis by human placenta (Szabo, Grimaldi, and de Lellis), 263
- Follicle-stimulating hormone, interstitial cell-stimulating hormone (lutinizing hormone) and, background of development of work in isolating (Li), 1150 (Classic pages)
- Foreign body, vaginal, of long duration in child (McAllister and Gusdon), 278 (Comm. in brief)
- Functional status of newborn infant (Mingeot and Herbaut), 1138

## G

- Galactorrhea/amenorrhea, successfully treated nonpuerperal: comment on fallacy of eponymic classification (Sandler and Gardner), 861 (Comm. in brief)
- Gas, blood, and pH changes during glucose infusion in fetal sheep (Fiser et al.), 942
- changes, acid-base and blood, cardiovascular effects and, during laparoscopy (Motew et al.), 1002
- chromatographic method, rapid, estriol in molar pregnancies quantitated by, in conjunction with estrone, estradiol-17 $\beta$ , estriol, and pregnanediol (Kaplan and Hreshchysyn), 803
- Generative functions, hormonal and, of transplanted ovaries in rabbit and monkey (Jaszczak and Hafez), 112
- Gestation, eleven to nineteen weeks', content of calcium, magnesium, copper, iron, sodium, and potassium in amniotic fluid from (Nusbaum and Zettner), 219
- Giant cell, placental site, X cell and, trophoblastic origin of (Khudr, Soma, and Benirschke), 530
- "Glioma" of uterus: fetal homograft (Niven and Stansfeld), 534
- Glucose infusion in fetal sheep, blood gas and pH changes during (Fiser et al.), 942

- Gonadotropin, human chorionic, secretory rates of, by normal trophoblast (Braunstein et al.), 447
- regain of biological activity of, from choriocarcinoma (Inouye and Brewer), 186
- therapy, estrogen monitoring and prevention of ovarian overstimulation during (Karam, Taymor, and Berger), 972
- Gonorrhoeae*, *Neisseria*, and *Trichomonas vaginalis*, in vitro effects of Emko on (Bolch and Warren), 1145 (Current investigation)
- Graviditas, teen-age, effect of nutrition in, on pregnancy and status of neonate. I. Nutritional profile (Kaminetzky et al.), 639
- Growth of biparietal diameter of fetal head in diabetic pregnancy (Murata and Martin), 252
- factor, epidermal, serum concentrations of, in human pregnancy (Ances), 357
- hormone, estradiol and, studies of influence of, on hypophysectomized immature rat epiphyseal cartilage growth plate (Strickland and Sprinz), 471
- secretion, maternal human, influence of, on weight of newborn infant (Parekh, Benjamin, and Gastillo), 197
- plate, hypophysectomized immature rat epiphyseal cartilage, studies of influence of estradiol and growth hormone on (Strickland and Sprinz), 471
- Gynecologic surgery, suprapubic cystostomy in: Comparison of two methods (Wilson, Sprague, and van Nagell), 991
- urethroscopy (Robertson), 986
- H**
- Haemophilus vaginalis* (*Corynebacterium vaginale*) vaginitis, ampicillin therapy for (Lee and Schmale), 786
- Head, fetal, growth of biparietal diameter of, in diabetic pregnancy (Murata and Martin), 252
- risks and prevention of cervical cord injury in management of breech presentation with hyperextension of (Bhagwanani et al.), 1159 (Comm. in brief)
- Headache, postpartum spinal, prevention of (Beck), 354
- Health, fetal, comparison of maternal serum estriol and urinary estrogen determinations as indices of (Dubin et al.), 835
- with other estrogen indices of: maternal serum 17 $\beta$ -estradiol levels in normal and complicated pregnancies (Townsend, Gartman, and Crystle), 830
- Heart and brain, fetal, in sheep, on correlating. I. Following recovery from operation. II. Following maternal hemorrhage (Scibetta et al.), 946
- disease, cardiorespiratory responses to pregnancy and exercise in normal women and patients with (Ueland, Novy, and Metcalfe), 4
- fetal, pre-ejection period of: detection during labor with Doppler ultrasound (Organ et al.), 369
- response to stress in term fetal lamb (Organ et al.), 377
- rate, fetal, continuous electronic monitoring of, during labor (Gabert and Stenchever), 919
- monitoring, fetal, of one thousand patients in labor, clinical experiences with (Shenker), 1111
- Hemangioma of Fallopian tube (Ebrahimi and Okagaki), 864 (Comm. in brief)
- Hemoglobinopathies, antenatal detection of (Valenti), 853 (Current investigation)
- Hemorrhage, maternal, following. II. On correlating fetal heart and brain in sheep. I. Following recovery from operation (Scibetta et al.), 946
- Hepatorenal failure, tetracycline-induced, disseminated intravascular coagulation associated with, during pregnancy (Pride, Cleary, and Hamburger), 585 (Comm. in brief)

- Herpes simplex infection, intrauterine (Strawn and Scrementi), 581 (Comm. in brief)
- "High weight for dates" fetus (Ifly, Chatterton, and Jakobovits), 238
- Histogenesis, ultrastructure and, of clear cell carcinoma of ovary (Silverberg), 394
- Homograft, fetal: "glioma" of uterus (Niven and Stansfeld), 534
- Hormonal and antigenic activity of luteinizing hormone excreted in endometrial carcinoma patients (endogenous anahormones), dissociation of (Dilman, Golubev, and Krylova), 966
- contraceptive therapy, impact of, on community and effects on cytopathology of cervix (Miller), 978
- and generative functions of transplanted ovaries in rabbit and monkey (Jaszczak and Hafez), 112
- Hormone, growth, estradiol and, studies of influence of, on hypophysectomized immature rat epiphyseal cartilage growth plate (Strickland and Sprinz), 471
- interstitial cell-stimulating (luteinizing hormone) and follicle-stimulating hormone, background of development of work in isolating (Li), 1150 (Classic pages)
- luteinizing, dissociation of hormonal and antigenic activity of, excreted in endometrial carcinoma patients (endogenous anahormones) (Dilman, Golubev, and Krylova), 966
- release, luteinizing, in anterior pituitary, study on intracellular mechanism of (Makino), 606
- releasing hormone, synthetic luteinizing, induction of ovulation in rabbits by (Yanaihara et al.), 855 (Comm. in brief)
- secretion, luteinizing, withdrawal bleeding and, following progesterone in women with amenorrhea (Goldenberg et al.), 193
- maternal human growth, influence of, on weight of newborn infant (Parekh, Benjamin, and Gastillo), 197
- Hyaline membrane disease, amniotic fluid lecithin/sphingomyelin ratio in diagnosis of (Lemons and Jaffe), 233
- Hyperbilirubinemia, maternal, contribution of, to amniotic fluid pigmentation (Willoughby et al.), 11
- Hyperextension of fetal head, risks and prevention of cervical cord injury in management of breech presentation with (Bhagwanani et al.), 1159 (Comm. in brief)
- Hyperoxia, acute maternal hypoxia and, effects of, on blood flow to pregnant uterus (Makowski, Hertz, and Meschia), 624
- Hypoglycemia, infant, neonatal urine insulin excretion and its relationship to (Spellacy et al.), 924
- Hypophysectomized immature rat epiphyseal cartilage growth plate, studies of influence of estradiol and growth hormone on (Strickland and Sprinz), 471
- Hypoxia and hyperoxia, acute maternal, effects of, on blood flow to pregnant uterus (Makowski, Hertz, and Meschia), 624
- Hypoxic guinea pig fetuses aspirating amniotic fluid, surface tensions in lungs of (Klein and Becker), 842
- Hysterectomy, abdominal: relationship between morbidity and surgical technique (Richardson, Lyon, and Graham), 953
- Schauta, bladder dysfunction following (Roman-Lopez and Barclay), 81
- simple, radiotherapy of carcinoma of cervix following (Andras, Fletcher, and Rutledge), 647
- vaginal, prophylactic cephaloridine in prevention of post-operative pelvic infections in premenopausal women undergoing (Ledger, Sweet, and Headington), 766
- vaginal evisceration following (Powell), 276 (Comm. in brief)

## I

- Immature rat epiphyseal cartilage growth plate, hypophysectomized, studies of influence of estradiol and growth hormone on (Strickland and Sprinz), 471
- Immunity, cell-mediated, in patients with ovarian carcinoma (Chen, Koffler, and Cohen), 467
- Immunofluorescent study of placental bed vessels in pre-eclampsia of pregnancy (Kitzmler and Benirschke), 248
- Immunosuppression during pregnancy: transmission of azathioprine and its metabolites from mother to fetus (Saarikoski and Seppälä), 1100
- Implantation, use of postovulatory estrogens to prevent: interception (Morris and van Wageningen), 101
- Implants, autogenous fibroblast, induction of intrauterine adhesions in rabbit with (Polishuk and Schenker), 789
- Incontinence, primary stress urinary, suprapubic approach to (Morgan), 316
- stress, identification of pubourethral ligaments and their role in transvaginal surgical correction of (Nichols and Milley), 123 (Current opinion)
- urinary stress, Pereyra procedure in management of (Portnuff and Ballon), 407
- Induced, Clomid-, ovulatory cycles, spontaneous and, sequential changes in total and free testosterone and androstenedione in plasma during (Dupon, Rosenfield, and Cleary), 478
- prostaglandin-, mid-trimester abortion, posterior cervical rupture following (Wentz, Thompson, and King), 1107
- by saline or prostaglandin, viability of fetal skin of abortuses (Park, Wentz, and Jones), 274 (Comm. in brief)
- salt-, abortions, studies on pathogenesis of clotting defects during (Talbert et al.), 656
- tetracycline-, hepatorenal failure, disseminated intravascular coagulation associated with, during pregnancy (Pride, Cleary, and Hamburger), 585 (Comm. in brief)
- Induction of intrauterine adhesions in rabbit with autogenous fibroblast implants (Polishuk and Schenker), 789
- ovulation with clisomiphene (Van Campenhout et al.), 321
- ovulation in rabbits by synthetic luteinizing hormone-releasing hormone (Yanaihara et al.), 855 (Comm. in brief)
- Infant, dysmature newborn, amniotic fluid D(-)- $\beta$ -hydroxybutyrate and (Smith and Scanlon), 569
- hypoglycemia, neonatal urine insulin excretion and its relationship to (Spellacy et al.), 924
- newborn, functional status of (Mingot and Herbaut), 1138
- influence of maternal human growth hormone secretion on weight of (Parekh, Benjamin, and Gastillo), 197
- racial differences in maternal smoking effects on (Lubs), 66
- Infection(s), hospital-acquired, quantitative indirect measure of, in obstetrics and gynecology: fever index (Ledger and Kriewall), 514
- intrauterine herpes simplex (Strawn and Scrimenti), 581 (Comm. in brief)
- postoperative pelvic, in premenopausal women undergoing vaginal hysterectomy, prophylactic cephaloridine in prevention of (Ledger, Sweet, and Headington), 766
- Infusion of endotoxin, stilbestrol-augmented disseminated intravascular coagulation in rats after (Theiss and Beller), 775
- glucose, in fetal sheep, blood gas and pH changes during (Fiser et al.), 942
- Injury, cervical cord, risks and prevention of, in management of breech presentation with hyperextension of fetal head (Bhagwanani et al.), 1159 (Comm. in brief)
- Insertion, intrauterine contraceptive device, electrocardiogram changes with (Acker et al.), 458
- puerperal, Dalkon shield: private practice experience (Draper and White), 278 (Comm. in brief)
- Instillation, extra-amniotic, of Rivanol in combination with rubber catheter insertion into uterus, legal abortion by, after twelfth week of pregnancy (Ingemanson), 211
- Insulin excretion, neonatal urine, and its relationship to infant hypoglycemia (Spellacy et al.), 924
- Intensive Care Unit, Obstetrical and Neonatal, experience with (Walters et al.), 307
- Interception: use of postovulatory estrogens to prevent implantation (Morris and van Wageningen), 101
- Interstitial cell-stimulating hormone (luteinizing hormone) and follicle-stimulating hormone, background of development of work in isolating (Li), 1150 (Classic pages)
- Intracellular mechanism of LH release in anterior pituitary, study on (Makino), 606
- Intrauterine adhesions in rabbit, induction of, with autogenous fibroblast implants (Polishuk and Schenker), 789
- contraceptive device(s), copper-covered, Canadian experience with (Fortier et al.), 291
- ectopic, removal of, aided by laparoscopy (Sieglar), 158
- insertion, electrocardiogram changes with (Acker et al.), 458
- wearers, copper, copper determination and localization in different morphologic components of human endometrium during menstrual cycle in (Salaverry et al.), 163
- death, fetal distress and, new marker for detection of: alpha fetoprotein in maternal serum (Seppälä and Ruoslahti), 48
- device (Majzlin Spring), tuboovarian abscess and (Duckman, Suarez, and Tantakesem), 1157 (Comm. in brief)
- herpes simplex infection (Strawn and Scrimenti), 581 (Comm. in brief)
- Intravaginal prostaglandin  $F_{2\alpha}$ , abortifacient efficacy of (Wentz, Austin, and King), 27
- Intravascular coagulation, disseminated, associated with tetracycline-induced hepatorenal failure during pregnancy (Pride, Cleary, and Hamburger), 585 (Comm. in brief)
- stilbestrol-augmented disseminated, in rats after infusion of endotoxin (Theiss and Beller), 775
- Intravesical ureter, length of, in normal pregnant rabbits and rats (Bogetti, Rubi, and Sala), 857 (Comm. in brief)
- Invasive carcinoma of cervix, demonstration of relationship of carcinoma in situ to (Te Linde), 1022 (Classic pages)
- Iron, sodium, potassium, calcium, magnesium, and copper, content of, in amniotic fluid from eleven to nineteen weeks' gestation (Nusbaum and Zettner), 219
- Irradiation, new cancers arising in 1,563 patients with carcinoma of cervix treated by (Morton and Villasantia), 462
- Isoimmunized, Rh-, pregnancy, first (Goplerud et al.), 632
- Isolating interstitial cell-stimulating hormone (luteinizing hormone) and follicle-stimulating hormone, background of development of work in (Li), 1150 (Classic pages)
- Isolations, multiple virus, from pregnant patient (Amstey, Nasello, and Hochberg), 897
- Items, 445-446, 722-736, 1044

K

- Karyotype, 45,X lymphocyte, in fertile woman (Grace, Quinlan, and Edge), 279 (Comm. in brief)  
Kroener tubal ligation in perspective (Tappan), 1053

L

- Labeled palmitate, effect of cyanide and fluoride on incorporation of, into placental triglycerides, I. Triglyceride synthesis by human placenta (Szabo, Grimaldi, and de Lellis), 263  
incorporation of, into placental triglycerides, I. Triglyceride synthesis by human placenta (Szabo, de Lellis, and Grimaldi), 257  
Lability of human decidua cells. In vitro effects of autolysis and osmotic stress (Brunk and Gustavii), 811  
Labor, clinical experiences with fetal heart rate monitoring of one thousand patients in (Shenker), 1111  
continuous electronic monitoring of fetal heart rate during (Gabert and Stenchever), 919  
detection during, with Doppler ultrasound: pre-ejection period of fetal heart (Organ et al.), 369  
pregnancy and, human urine oxytocin levels during (Boyd and Chard), 827  
Lactating women, effect of different doses of ethanol on milk-ejecting reflex in (Cobo), 817  
Laparoscopic sterilization: outpatient procedure (Chaturachinda), 487  
possible hazard of (Stewart et al.), 1154 (Comm. in brief)  
Laparoscopy, cardiovascular effects and acid-base and blood gas changes during (Motew et al.), 1002  
removal of ectopic intrauterine contraceptive devices aided by (Sieglar), 158  
Late deceleration, predictability of state of fetal oxygenation from quantitative analysis of components of (Myers, Mueller-Heubach, and Adamsons), 1083  
Lead acetate, effect of, on reproduction (Hildebrand et al.), 1058  
Lecithin/sphingomyelin ratio(s), amniotic fluid, clinical experience with. I. Antenatal prediction of pulmonary maturity (Donald et al.), 547  
in diagnosis of hyaline membrane disease (Lemons and Jaffe), 233  
in normal and abnormal pregnancy (Gluck and Kulovich), 539  
assessment of fetal lung maturity by amniocentesis with (Cedard et al.), 275 (Comm. in brief)  
use of, in management of problem obstetric patient (Dunn and Bhatnagar), 687  
Length of intravesical ureter in normal pregnant rabbits and rats (Bogetti, Rubi, and Sala), 857 (Comm. in brief)  
Luteinizing hormone secretion, withdrawal bleeding and, following progesterone in women with amenorrhea (Goldenberg et al.), 193  
Ligaments, pubourethral, identification of, and their role in transvaginal surgical correction of stress incontinence (Nichols and Milley), 123 (Current opinion)  
Ligation, Kroener tubal, in perspective (Tappan), 1053  
vaginal versus abdominal tubal (Akhter), 491  
Lipid metabolism in vitro by rabbit embryos during development (Beall), 564  
Lung(s) of hypoxic guinea pig fetuses aspirating amniotic fluid, surface tensions in (Klein and Becker), 842  
maturity, fetal, assessment of, by amniocentesis with lecithin/sphingomyelin ratio (Cedard et al.), 275 (Comm. in brief)  
determination of amniotic fluid total phospholipid phosphorus as test for (Nelson), 933  
shock (Baird, Thompson, and DeVoe), 583 (Comm. in brief)

- Luteectomy and progesterone replacement therapy, effects of, in early pregnant patients (Csapo, Pulkkinen, and Wiest), 759  
Luteinizing hormone, dissociation of hormonal and antigenic activity of, excreted in endometrial carcinoma patients (endogenous anahormones) (Dilman, Golubev, and Krylova), 966  
(interstitial cell-stimulating hormone) and follicle-stimulating hormone, background of development of work in isolating (Li), 1150 (Classic pages)  
release in anterior pituitary, study on intracellular mechanism of (Makino), 606  
-releasing hormone, synthetic, induction of ovulation in rabbits by (Yanaiharu et al.), 855 (Comm. in brief)  
secretion, withdrawal bleeding and, following progesterone in women with amenorrhea (Goldenberg et al.), 193  
Luteum, human corpus, of term pregnancy, fine structure of (Crisp, Dessouky, and Denys), 901  
Lymphocyte karyotype, 45,X, in fertile woman (Grace, Quinlan, and Edge), 279 (Comm. in brief)

M

- Magnesium, copper, iron, sodium, potassium, and calcium, content of, in amniotic fluid from eleven to nineteen weeks' gestation (Nusbaum and Zettner), 219  
Majzlin Spring (intrauterine device), tuboovarian abscess and (Duckman, Suarez, and Tantakesem), 1157 (Comm. in brief)  
Malformations, embryonic, ultrasonic diagnosis of (Hellman, Kobayashi, and Cromb), 615  
Malignancies, human gynecologic, demonstration of tumor-associated antigens in (Gall, Walling, and Pearl), 387  
Malignant human trophoblast in culture, absence of prostaglandin synthesis in (Pattillo et al.), 91  
Maternal administration of diazepam, effect of, on bilirubin-binding capacity of cord blood serum (Adoni et al.), 577 (Comm. in brief)  
estrogen excretion, reduction of, by neomycin (Pulkkinen and Willman), 1153 (Comm. in brief)  
hemorrhage, following, II. On correlating fetal heart and brain in sheep. I. Following recovery from operation (Scibetta et al.), 946  
human growth hormone secretion, influence of, on weight of newborn infant (Parekh, Benjamin, and Gas-tillo), 197  
hyperbilirubinemia, contribution of, to amniotic fluid pigmentation (Willoughby et al.), 11  
hypoxia and hyperoxia, acute, effects of, on blood flow to pregnant uterus (Makowski, Hertz, and Meschia), 624  
serum, alpha fetoprotein in: new marker for detection of fetal distress and intrauterine death (Sep-pälä and Ruoslahti), 48  
estriol and urinary estrogen determinations, comparison of, as indices of fetal health (Dubin et al.), 835  
17 $\beta$ -estradiol levels in normal and complicated pregnancies: comparison with other estrogen indices of fetal health (Townsend, Gartman, and Crystle), 830  
smoking effects on newborn infant, racial differences in (Lubs), 66  
Maternity services, rural-oriented (Rosenfield and Asavasena), 1013 (Current opinion)  
Maturity, fetal, amniotic fluid phospholipids and (Harding et al.), 298  
lung, assessment of, by amniocentesis with lecithin/sphingomyelin ratio (Cedard et al.), 275 (Comm. in brief)  
determination of amniotic fluid total phospholipid phosphorus as test for (Nelson), 933

## Maturity—Cont'd

- pulmonary, antenatal prediction of, I. Clinical experience with amniotic fluid lecithin/sphingomyelin ratio (Donald et al.), 347
- Membrane disease, hyaline, amniotic fluid lecithin/sphingomyelin ratio in diagnosis of (Lemons and Jaffe), 233
- Menstrual cycle(s), copper determination and localization in different morphologic components of human endometrium during, in copper intrauterine contraceptive device wearers (Salaverry et al.), 163
  - normal, propagated and nonpropagated myometrial contractions in (Martinez-Gaudio, Yoshida, and Bengtsson), 107
  - sperm migration through uterine cervix in macaque during (Jaszczak and Hafez), 1070
- Meperidine HCl, placental transfer of. Part II (Shier, Sprague, and Dilts), 556
  - metabolites of, related to fetal depression (Morrison et al.), 1132
- Mestranol, quantitation of estrogenic effects of, on human endometrium and vaginal mucosa (Henzl et al.), 401
- Metabolism, lipid, in vitro by rabbit embryos during development (Beall), 564
- Metabolites, its, azathioprine and, transmission of, from mother to fetus: immunosuppression during pregnancy (Saarikoski and Seppälä), 1100
  - of meperidine related to fetal depression (Morrison et al.), 1132
- Metastatic trophoblastic disease, treatment of: good and poor prognosis (Hammond et al.), 451
- Methicillin, placental transfer of (MacAulay, Molloy, and Charles), 58
- Microscopy, scanning electron, of cervical transformation zone (Ferency and Richart), 151
- Mid-trimester abortion, prostaglandin-induced, posterior cervical rupture following (Wentz, Thompson, and King), 1107
  - saline abortions, oxytocin administration in (Lauersen and Schulman), 420 (Current opinion)
- Migration, sperm, through uterine cervix in macaque during menstrual cycle (Jaszczak and Hafez), 1070
- Milk-ejecting reflex in lactating women, effect of different doses of ethanol on (Cobo), 817
- Molar pregnancies, estrol in, quantitated by rapid gas chromatographic method in conjunction with estrone, estradiol-17 $\beta$ , estriol, and pregnanediol (Kaplan and Hreshchysyn), 803
- Monitoring, continuous electronic, of fetal heart rate during labor (Gabert and Stenchever), 919
  - estrogen, and prevention of ovarian overstimulation during gonadotropin therapy (Karam, Taymor, and Berger), 972
  - fetal heart rate, of one thousand patients in labor, clinical experiences with (Shenker), 1111
- Morbidity, comparative, of postpartum sterilization procedures (Wilson, Dilts, and Simpson), 884
  - and surgical technique, relationship between: abdominal hysterectomy (Richardson, Lyon, and Graham), 953
- Morphologic components, different, of human endometrium during the menstrual cycle, copper determination and localization in copper intrauterine contraceptive device wearers (Salaverry et al.), 163
- Mother to fetus, transmission of azathioprine and its metabolites from: immunosuppression during pregnancy (Saarikoski and Seppälä), 1100
- Mucoprotein, amniotic fluid, in severe pre-eclamptic toxemia (Mukerjee and Sinha), 858 (Comm. in brief)
- Mucosa, vaginal, human endometrium and, quantitation of estrogenic effects of mestranol on (Henzl et al.), 401
- Myometrial contractions, propagated and nonpropagated, in normal menstrual cycles (Martinez-Gaudio, Yoshida, and Bengtsson), 107
- Myometrium, human, under influence of stretching, in vitro release of prostaglandins from (Kloock and Jung), 1066

## N

- Neisseria gonorrhoeae* and *Trichomonas vaginalis*, in vitro effects of Emko on (Bolch and Warren), 1145 (Current investigation)
- Neomycin, reduction of maternal estrogen excretion by (Pulkkinen and Willman), 1153 (Comm. in brief)
- Neonatal Intensive Care Unit, Obstetrical and, experience with (Walters et al.), 307
  - urine insulin excretion and its relationship to infant hypoglycemia (Spellacy et al.), 924
- Neonate(s), fiberoptic oximeter for fetuses and (Murayama et al.), 1125
  - status of, pregnancy and, effect of nutrition in teen-age gravidas on. I. Nutritional profile (Kaminetzky et al.), 639
- Neoplasia, gynecologic, fluorescence and acridine orange in diagnosis of, in vivo (Hammond), 272 (Comm. in brief)
  - preinvasive cervical, outpatient therapy of: selection of patients with use of colposcopy (Ostergard and Gondos), 783
- Newborn infant, dysmature, amniotic fluid D(-)- $\beta$ -hydroxybutyrate and (Smith and Scanlon), 569
  - functional status of (Minget and Herbaut), 1138
  - influence of maternal human growth hormone secretion on weight of (Parekh, Benjamin, and Castillo), 197
  - racial differences in maternal smoking effects on (Lubs), 66
- Nonpuerperal galactorrhea/amenorrhea, successfully treated: comment on fallacy of eponymic classification (Sandler and Gardner), 861 (Comm. in brief)
- Nuclear DNA in vaginal adenosis and clear-cell adenocarcinoma, studies of (Lewis, Nordqvist, and Richart), 737

- Obstetric associate, role of, in private obstetric practice (Schmidt and Jonasson), 328
  - complications when fetus has Potter's syndrome. I. Clinical considerations (Ratten, Beischer, and Fortune), 890
- Obstetrical and Neonatal Intensive Care Unit, experience with (Walters et al.), 307
- Oncology, gynecologic: present status and future aspects (Kolstad), 597
- Oophorectomized ewes, effect of estrogens on uterine blood flow of (Killam et al.), 1045
- Operation, following recovery from, I. II. Following maternal hemorrhage. On correlating fetal heart and brain in sheep (Scibetta et al.), 946
- Operative management of ruptured tubal pregnancy (Harralson, van Nagell, and Roddick), 995
- Opinion, one man's (Keettel), 592
- Orange, acridine, fluorescence and, in diagnosis of gynecologic neoplasia in vivo (Hammond), 272 (Comm. in brief)

- Osmotic stress, autolysis and, in vitro effects of. Lability of human decidua cells (Brunk and Gustavii), 811
- Outpatient procedure: laparoscopic sterilization (Chaturachinda), 487
- therapy of preinvasive cervical neoplasia: selection of patients with use of colposcopy (Ostergard and Gondos), 783
- Ovarian carcinoma, advanced, effects on: 1,3-bis (2-chloroethyl)-1-nitrosourea (Godfrey, King, and Rentschler), 576 (Comm. in brief)
- cell-mediated immunity in patients with (Chen, Koffler, and Cohen), 467
- and endometrial effects, differentiation between: oxymetholone (Henzl et al.), 95
- overstimulation, prevention of, estrogen monitoring and, during gonadotropin therapy (Karam, Taymor, and Berger), 972
- Ovary (ovaries), radiogold treatment of epithelial cancer of: late results (Decker, Webb, and Holbrook), 751
- transplanted, in rabbit and monkey, hormonal and generative functions of (Jaszczak and Hafez), 112
- ultrastructure and histogenesis of clear cell carcinoma of (Silverberg), 394
- Overstimulation, ovarian, prevention of, estrogen monitoring and, during gonadotropin therapy (Karam, Taymor, and Berger), 972
- Ovulation, induction of, with cisclomiphene (Van Campenhout et al.), 321
- in rabbits by synthetic luteinizing hormone-releasing hormone (Yanaiharu et al.), 835 (Comm. in brief)
- Ovulatory cycles, spontaneous and Clomid-induced, sequential changes in total and free testosterone and androstenedione in plasma during (Dupon, Rosenfield, and Cleary), 478
- Oximeter, fiberoptic, for fetuses and neonates (Murayama et al.), 1125
- Oxygenation, fetal, predictability of state of, from quantitative analysis of components of late deceleration (Myers, Mueller-Heubach, and Adamsons), 1083
- Oxymetholone: differentiation between ovarian and endometrial effects (Henzl et al.), 95
- Oxytocin administration in mid-trimester saline abortions (Lauersen and Schulman), 420 (Current opinion)
- ethanol, and prostaglandin  $F_{2\alpha}$ , effects of, on uterus of pregnant baboon (Lauersen et al.), 912
- levels, human urine, during pregnancy and labor (Boyd and Chard), 827

- Tube, Fallopian, hemangioma of (Ebrahimi and Okagaki), 864 (Comm. in brief)
- Tuberculosis complicated by pregnancy (Wilson, Thelin, and Dills), 526
- Tuboovarian abscess and intrauterine device (Majzlin Spring) (Duckman, Suarez, and Tantakesen), 1157 (Comm. in brief)
- Tumor-associated antigens, demonstration of, in human gynecologic malignancies (Gall, Walling, and Pearl), 387
- primary transitional cell, of uterine adnexa (Federman and Toker), 863 (Comm. in brief)

## U

- Ultrasonic diagnosis of embryonic malformations (Hellman, Kobayashi, and Cromb), 615
- Ultrasound, Doppler, detection during labor with: pre-ejection period of fetal heart (Organ et al.), 369
- Ultrastructure and histogenesis of clear cell carcinoma of ovary (Silverberg), 394
- Umbilical cord, tensile strength of (Crichton), 77
- Ureter, intravesical, length of, in normal pregnant rabbits and rats (Bogetti, Rubi, and Sala), 887 (Comm. in brief)
- Urethroscopy, gynecologic (Robertson), 986
- Uric acid and creatinine, amniotic fluid levels of, in toxemic patients—possible relation to diuretic use (McAllister, Stull, and Courey), 560
- Urinary estriol assays, daily, in management of pregnant diabetic woman, II. Estriol in pregnancy (Goebelsmann et al.), 795
- estrogen determinations, maternal serum estriol and, comparison of, as indices of fetal health (Dubin et al.), 835
- excretion, serum cystine aminopeptidase and, comparison of, as placental function tests (Curzen and Varma), 929
- incontinence, primary stress, suprapubic approach to (Morgan), 316
- stress incontinence, Pereyra procedure in management of (Portnuff and Ballon), 407

- Urine insulin excretion, neonatal, and its relationship to infant hypoglycemia (Spellacy et al.), 924
- oxytocin levels, human, during pregnancy and labor (Boyd and Chard), 827
- Uterine adnexa, primary transitional cell tumor of (Federman and Toker), 863 (Comm. in brief)
- blood flow of oophorectomized ewes, effect of estrogens on (Killam et al.), 1045
- cavity of rhesus monkeys, relationship of endometrial plasminogen activator to fibrin proteolysis in (Shaw et al.), 983
- cervix, pseudopolyp of (Shane and Perlmutter), 273 (Comm. in brief)
- sperm migration through, in macaque during menstrual cycle (Jaszczak and Hafez), 1070
- retroverter and method, new, use of: transvaginal sterilization (Shute), 998
- Uterus, "glioma" of: fetal homograft (Niven and Stansfeld), 534
- legal abortion by extra-amniotic instillation of Rivanol in combination with rubber catheter insertion into, after twelfth week of pregnancy (Ingemansson), 211
- of pregnant baboon, effects of prostaglandin  $F_{2\alpha}$ , oxytocin, and ethanol on (Lauersen et al.), 912
- pregnant, effects of acute maternal hypoxia and hyperoxia on blood flow to (Makowski, Hertz, and Meschia), 624
- human, effect of prostaglandin  $E_1$  on (Favier and Rietveld), 33

## V

- Vagina, prolapsed, rational therapy for (Birnbaum), 411
- Vaginal versus abdominal tubal ligation (Akhter), 491
- adenosis and clear-cell adenocarcinoma, studies of nuclear DNA in (Lewis, Nordqvist, and Richart), 737
- evisceration following vaginal hysterectomy (Powell), 276 (Comm. in brief)
- foreign body of long duration in child (McAllister and Gusdon), 278 (Comm. in brief)
- hysterectomy, prophylactic cephaloridine in prevention of postoperative pelvic infections in premenopausal women undergoing (Ledger, Sweet, and Headington), 766
- mucosa, human endometrium and, quantitation of estrogenic effects of mestranol on (Henzl et al.), 401
- Vaginale*, *Corynebacterium* (*Haemophilus vaginalis*) vaginitis, ampicillin therapy for (Lee and Schmale), 786
- Vaginalis*, *Haemophilus* (*Corynebacterium vaginalis*) vaginitis, ampicillin therapy for (Lee and Schmale), 786
- Trichomonas*, *Neisseria gonorrhoeae* and, in vitro effects of Emko on (Bolch and Warren), 1145 (Current investigation)
- Vaginitis, *Corynebacterium vaginalis* (*Haemophilus vaginalis*), ampicillin therapy for (Lee and Schmale), 786
- Vessels, placental bed, immunofluorescent study of, in pre-eclampsia of pregnancy (Kitzmiller and Benirschke), 248
- Viability of fetal skin of abortuses: induced by saline or prostaglandin (Park, Wentz, and Jones), 274 (Comm. in brief)
- Virus isolations, multiple, from pregnant patient (Amstey, Nasello, and Hochberg), 897
- Vulva, contemporary challenge of carcinoma in situ of (Woodruff et al.), 677

## W

- Weight, high, for dates fetus (Ifly, Chatterton, and Jakobovits), 238
- of newborn infant, influence of maternal human growth hormone secretion on (Parekh, Benjamin, and Gastillo), 197

Withdrawal bleeding and luteinizing hormone secretion following progesterone in women with amenorrhea (Goldberg et al.), 193

X

X cell and placental site giant cell, trophoblastic origin of (Khudr, Soma, and Benirschke), 530

X, 45, Lymphocyte karyotype in fertile woman (Grace, Quinlan, and Edge), 279 (Comm. in brief)

Y

Y chromosome, prenatal sex determination by fluorescent staining of cervical smear for presence of: evaluation (Goldstein, Lukesh, and Ketchum), 866 (Comm. in brief)

Z

Zone, cervical transformation, scanning electron microscopy of (Ferency and Richart), 151

## Subject index\*

### A

- Abdominoperineal resection, complications of pelvic operation following (Caspersen), 564
- Abnormal fetal heart rate pattern, trilobate placenta and (Sudha, Schifrin, and Suzuki), 878 (Comm. in brief)
- Abortion(s), controlling uterine forceps for laparoscopic sterilization after: New instrument (Hulka), 884 (Comm. in brief)
- difference between fetus and infant, and viability (Engelhardt), 429 (Current opinion)
- induced and spontaneous, influence of, on outcome of subsequent pregnancies (Pantelakis, Papadimitriou, and Doxiadis), 799
- medical, accidents and sequelae of (Berić, Kupresanin, and Kapor-Stanulovic), 813
- and menstruation, induction of, by intravaginal administration of prostaglandin  $F_{2a}$  (Sato, Ami, and Matsumoto), 287 (Comm. in brief)
- saline-induced, coagulation changes in (Laros et al.), 277
- second-trimester, morbidity associated with new method of: Termination of pregnancy by "super coils" (Berger et al.), 297
- spontaneous, with chromosomal anomalies, outcome of pregnancies following (Boué et al.), 806
- Supreme Court decision on (Hail), 1
- therapeutic, of early human gestation with vaginal suppositories of prostaglandin  $F_{2a}$  (Tredway and Mishell), 795
- induction of, with intra-amniotically administered prostaglandin  $F_{2a}$  (Brenner et al.), 923
- threatened, evaluation of prognosis of, from peripheral plasma levels of progesterone, estradiol, and human chorionic gonadotropin (Nygren, Johansson, and Wide), 916
- Abruptio placentae, chronic, hydrorrhea, and circumvallate placenta, syndrome of (Naftolin et al.), 347
- Acardiac anomalies, human (Severn and Holyoke), 358
- Accidents and sequelae of medical abortions (Berić, Kupresanin, and Kapor-Stanulovic), 813
- Acetate, megestrol, carbohydrate and lipid studies during six months' treatment with (Spellacy et al.), 1074
- Acids, free amino, in maternal and fetal extracellular fluids collected during early pregnancy (A'Zary, Saifer, and Schneck), 854
- Aciduria, ototic, of pregnancy (Wood and O'Sullivan), 57
- Adenocarcinoma, endometrial, accuracy of Gravlee Jet Washer in detecting (White, Buchsbaum, and Rodman), 1169 (Comm. in brief)
- Adhesions, intrauterine: Syndrome of past with use of Massouras duck's foot No. 2 intrauterine contraceptive device (Massouras), 576 (Comm. in brief)
- Adnexal masses, cystic, preoperative hormonal therapy of (Spanos), 551
- Adolescent Jamaican primigravida, study of obstetric performance of (Hay and Boyd), 34
- Age, gestational, evaluation of multiple tests and lecithin/sphingomyelin ratio for determining (Quinlivan et al.), 1147
- further observations on determination of, by amniotic fluid analysis (Roux, Nakamura, and Brown), 633
- impact of placenta previa on survivorship of offspring to four years of (Schlesinger, Mazundar, and Logrillo), 657
- Agenesis, renal, in nontwin siblings (Whitehouse and Mountrose), 880 (Comm. in brief)
- unilateral renal, relationship to: Vaginal and cervical communication with mesonephric duct remnants (Goldstein et al.), 101
- Agglutination-inhibition pregnancy test, latex tube, evaluation of (Horwitz et al.), 626
- Aging of placenta: Autoimmune theory of senescence (Burstein et al.), 271
- Amenorrhea, galactorrhea, due to primary hypothyroidism (Boroditsky and Faiman), 661
- gonadotropins in women with (Goldenberg et al.), 1003
- Amino acids, free, in maternal and fetal extracellular fluids collected during early pregnancy (A'Zary, Saifer, and Schneck), 854
- Amniocentesis, laceration of fetal spleen during (Egley), 582 (Comm. in brief)
- Amnioinfusion, hypertonic saline, use of laminaria tents with (Lischke and Goodlin), 586 (Comm. in brief)
- Amniotic epithelium, villi and, of human placentas (from six weeks to term), localization of human chorionic gonadotropic and somatomammotropic hormones by peroxidase immunohistochemical method in (de Ikonico and Cedard), 1124
- fluid amylase (De Castro, Usategui-Gomez, and Spellacy), 931
- analysis, further observations on determination of gestational age by (Roux, Nakamura, and Brown), 633
- assessment of surfactant activity in, for evaluation of fetal lung maturity (Shelley, Takagi, and Balis), 369
- cell cultures, simplified method for accelerated growth of (Cederqvist et al.), 871 (Current investigation)
- lysozyme content of (Cherry, Filler, and Harvey), 639
- Amniotically, intra-, administered prostaglandin  $F_{2a}$ , induction of therapeutic abortion with (Brenner et al.), 923
- Amylase, amniotic fluid (De Castro, Usategui-Gomez, and Spellacy), 931
- Androgens in breast cancer. I. Atypical endometrial hyperplasia and breast cancer in married premenopausal women (Grattarola), 423
- Androstenedione, role of, as estrogen precursor in postmenopausal women with endometrial carcinoma, II. Estrogen metabolism in patients at high risk for endometrial carcinoma (Hausknecht and Gusberg), 981
- Anemia, maternal, and fetal outcome in pregnancies complicated by thalassemia minor and "stomatocytosis" (Fleming), 309
- Anesthesia, local, outpatient laparoscopic sterilization under (Alexander et al.), 1065
- paracervical block, in obstetrics. III. Choice of drug: Fetal bradycardia following administration of lidocaine, mepivacaine, and prilocaine (Shnider and Gildea), 320
- Anions and cations of human cervical mucus, effects of oral contraceptives on (Singh and Boss), 1017
- Anomalies, chromosomal, outcome of pregnancies following spontaneous abortion with (Boué et al.), 806
- human acardiac (Severn and Holyoke), 358
- Anovulation, treatment of, with synthetic luteinizing hormone-releasing hormone (Keller), 698

- Antecedent levels, plasma thromboplastin (factor XI), changes in, during pregnancy (Phillips, Rosano, and Skrodels), 1114
- Antibodies, specific tumor cytotoxic, in serum of cervical cancer patients, evidence for (Weintraub et al.), 985
- Antigens similar to placental antigens in mouse fertilized eggs, detection of, by immunofluorescence (Kometani et al.), 351
- Aortic chemoreceptor stimulation, effect of, on cardiac output and umbilical blood flow in fetal lamb (Goodwin et al.), 48
- Appendectomy incidental to postpartum sterilization procedures (Wilson, Dilts, and Simpson), 76
- Arrhenoblastoma: In vivo and in vitro studies (YoungLai et al.), 401
- Artery ligation, bilateral internal iliac (hypogastric), to control obstetric and gynecologic hemorrhage (Sack), 493
- and vein plasma, umbilical, at term, concentrations of human chorionic gonadotropin, progesterone, and unconjugated and total estriol in (Effer, Gupta, and YoungLai), 643
- Asymptomatic bilateral ovarian infarction and venous thrombosis (Gardstein, Ferenczy, and Richart), 1164 (Comm. in brief)
- Atypical endometrial hyperplasia and breast cancer in married premenopausal women, I. Androgens in breast cancer (Grattarola), 423
- Autograft, skin, effect of estrogen on collagen synthesis at site of (Yang, Okamura, and Beer), 694
- Autoimmune theory of senescence: Aging of placenta (Burstein et al.), 271

## B

- B streptococci, group, neonatal infections caused by (Hey et al.), 43
- Behavioral sciences, search for solutions in: Population (Campbell), 131 (Current developments)
- Benign disease, reliability of cervical cytologic smear as screening procedure in patients undergoing gynecologic surgery for (van Nagell, Hager, and Roddick), 111
- Bilateral internal iliac (hypogastric) artery ligation to control obstetric and gynecologic hemorrhage (Sack), 493
- ovarian infarction, asymptomatic, and venous thrombosis (Gardstein, Ferenczy, and Richart), 1164 (Comm. in brief)

- Bis, 1,3-, (2-chloroethyl)-1-nitrosourea in treatment of advanced ovarian carcinoma, pilot study evaluating (Jorgensen et al.), 769
- Block(s) anesthesia, paracervical, in obstetrics. III. Choice of drug: Fetal bradycardia following administration of lidocaine, mepivacaine, and prilocaine (Shnider and Gildea), 320
- paracervical, electronic fetal monitoring in association with (Gabert and Stenchever), 1143
- Blood flow distribution, carotid, in in utero sheep fetus (Dunnihoo and Quilligan), 648
- in intervillous space and fetal blood flow. I. Normal values in human pregnancies at term (Clavero et al.), 340
- II. Relation to placental histology and histometry in cases with and without high fetal risk (Clavero et al.), 1157
- Blood flow—Cont'd
- umbilical, cardiac output and, in fetal lamb, effect of aortic chemoreceptor stimulation on (Goodwin et al.), 48
- pool scintigrams, indium-113m uterine, uterine abnormalities demonstrated by (Anderson, Burkett, and Alele), 335
- Books received, 296, 592, 894, 1174
- Bradycardia, fetal, following administration of lidocaine, mepivacaine, and prilocaine: Choice of drug, III. Paracervical block anesthesia in obstetrics (Shnider and Gildea), 320
- Breast cancer, androgens in. I. Atypical endometrial hyperplasia and breast cancer in married premenopausal women (Grattarola), 423
- Brenner tumors, estrogen synthesis by (Shinada, Tsukui, and Matsumoto), 408

## C

- Cancer, breast, androgens in. I. Atypical endometrial hyperplasia and breast cancer in married premenopausal women (Grattarola), 423
- cervical, clinical-pathological correlation of cell type classification for (Swan and Roddick), 666
- endometrial, clinical investigation in service of patient care in: Dysfunctional and neoplastic (Gusberg), 175
- ovarian, biochemical diagnosis of (McGowan, Davis, and Bunnag), 760
- patients, cervical, evidence for specific tumor cytotoxic antibodies in serum of (Weintraub et al.), 985
- Stage I ovarian, factors influencing survival in (Webb et al.), 222
- Carbohydrate and lipid studies during six months' treatment with megestrol acetate (Spellacy et al.), 1074
- Carbonate, lithium, in obstetrics: Guidelines for clinical use (Goldfield and Weinstein), 15
- Carcinoma, advanced ovarian, pilot study evaluating 1,3-bis(2-chloroethyl)-1-nitrosourea in treatment of (Jorgensen et al.), 769
- of cervix, invasive, combined surgical and radiation treatment of (Kelso and Funnell), 205
- sperm microagglutinating activity in serum of patients with (Jones, Kaye, and Ing), 883 (Comm. in brief)
- squamous cell, postirradiation sarcoma of pelvic girdle following therapy for (Fehr and Prem), 192
- clear cell, of cervix and vagina in young women (Hill), 470
- endometrial, estrogen metabolism in patients at high risk for. II. Role of androstenedione as estrogen precursor in postmenopausal women with endometrial carcinoma (Hausknecht and Gusberg), 981
- ovarian, metastatic to diaphragm—frequently undiagnosed at laparotomy (Bagley et al.), 397
- of ovary, serum lactic dehydrogenase levels in diagnosis and treatment of (Awais), 1053
- rectal, report of, and review of literature: Placental and fetal involvement by maternal malignancy (Rothman, Cohen, and Astarloa), 1023 (Current opinion)
- squamous cell, immunologic therapy of (Van Kampen et al.), 569
- Cardiac output and umbilical blood flow in fetal lamb, effect of aortic chemoreceptor stimulation on (Goodwin et al.), 48
- performance, fetal and neonatal, new technique for continuous assessment of (Kirkpatrick, Covell, and Friedman), 963
- rate monitoring, continuous, during resuscitation of newborn infant (Sherline and Thompson), 1166 (Comm. in brief)

- Care, high-risk maternity, in community hospital, evaluation of (Westberg, Clark, and Webb), 557
- improved maternal, and fetal outcome, factors contributing to, in medium-sized city-county hospital (Thompson et al.), 229
- patient, clinical investigation in service of, in endometrial cancer: Dysfunctional and neoplastic (Gusberg), 175
- Career choice, obstetrics and gynecology as (Martin), 457
- Carotid blood flow distribution in in utero sheep fetus (Dunniho and Quilligan), 648
- Cations, anions and, of human cervical mucus, effects of oral contraceptives on (Singh and Boss), 1017
- Cell carcinoma of cervix, squamous, postirradiation sarcoma of pelvic girdle following therapy for (Fehr and Prem), 192
- clear, of cervix and vagina in young women (Hill), 470
- squamous, immunologic therapy of (Van Kampen et al.), 569
- cultures, amniotic fluid, simplified method for accelerated growth of (Cederqvist et al.), 871 (Current investigation)
- type classification for cervical cancer, clinical-pathological correlation of (Swan and Roddick), 666
- Cellular composition, protein electrophoretic profiles, and method of collection in animals with and without intrauterine contraceptive devices, I. Studies on uterine flushings in baboon (Peplow et al.), 771
- Central Association of Obstetricians and Gynecologists, transactions, fortieth annual meeting, 155-285
- Cephalic version, external, gentle art of (Ranney), 239
- prophylactic external, in obstetric practice (Hibbard and Schumann), 511
- Cervical cancer, clinical-pathological correlation of cell type classification for (Swan and Roddick), 666
- patients, evidence for specific tumor cytotoxic antibodies in serum of (Weintraub et al.), 985
- communication, vaginal and, with mesonephric duct remnants: Relationship to unilateral renal agenesis (Goldstein et al.), 101
- cytologic smear, reliability of, as screening procedure in patients undergoing gynecologic surgery for benign disease (van Nagell, Hager, and Roddick), 111
- cytology, contraceptive choice and (Shulman and Merritt), 1079
- mucus, human, effects of oral contraceptives on anions and cations of (Singh and Boss), 1017
- os, incompetent, diagnosis of (Peterson and Keifer), 498
- Cervix, invasive carcinoma of, combined surgical and radiation treatment of (Kelso and Funnell), 205
- leukoplakia of (Brown, Kaufman, and Gardner), 214
- sperm microagglutinating activity in serum of patients with carcinoma of (Jones, Kaye, and Ing), 883 (Comm. in brief)
- squamous cell carcinoma of, postirradiation sarcoma of pelvic girdle following therapy for (Fehr and Prem), 192
- and vagina, clear cell carcinoma of, in young women (Hill), 470
- Cesarean section, effect of, on respiratory distress in presence of mature lecithin/sphingomyelin ratio (Gabert, Bryson, and Stenchever), 366
- Chemical composition of placenta in pregnancies with small-for-date infants (Iyengar), 66
- Chemoreceptor stimulation, aortic, effect of, on cardiac output and umbilical blood flow in fetal lamb (Goodwin et al.), 48
- Chorionic gonadotropin, human, and somatomammotropic hormones, localization of, by peroxidase immunohistochemical method in villi and amniotic epithelium of human placentas (from six weeks to term) (de Ikonoff and Cedard), 1124
- gonadotropin, human, effect of, on intrauterine skin graft survival in F-1 hybrid rats (Kaye, Jones, and Ing), 39
- Chorionic gonadotropin—Cont'd
- progesterone, and estradiol, evaluation of prognosis of threatened abortion from peripheral plasma levels of (Nygren, Johansson, and Wide), 916
- and unconjugated and total estriol, concentrations of, in umbilical artery and vein plasma at term (Effer, Gupta, and YoungLai), 643
- Chromium, plasma, of normal and pregnant women, physiologic changes in: Effect of glucose load (Davidson and Burt), 601
- Chromosomal anomalies, outcome of pregnancies following spontaneous abortion with (Boué et al.), 806
- Chromosomes of human lymphocytes in vitro, effect of selected antiepileptic drugs on (Stenchever and Allen), 867
- Circumvallate placenta, chronic abruptio placentae, and hydrops, syndrome of (Naftolin et al.), 347
- Citrate, clomiphene, effect of quinestrol administered with, on serum follicle-stimulating hormone and luteinizing hormone and on other clinical findings (Seki et al.), 388
- glycerol-egg-yolk-, glycerol or, as protective media, inseminations of human sperm after freezing in liquid nitrogen vapors with (Friberg and Gemzell), 330

- investigation in service of patient care in endometrial cancer: dysfunctional and neoplastic (Gusberg), 175
- pathological correlation of cell type classification for cervical cancer (Swan and Roddick), 666
- significance of organic hypomenorrhea (Polishuk, Sadovsky, and Aviad), 1058
- Clip, spring, laparoscopic sterilization with: Report of first fifty cases (Hulka et al.), 715 (Current investigation)
- Clomiphene citrate, effect of quinestrol administered with, on serum follicle-stimulating hormone and luteinizing hormone and on other clinical findings (Seki et al.), 388
- Coagulation changes in saline-induced abortion (Laros et al.), 277
- Coils, super, termination of pregnancy by: Morbidity associated with new method of second-trimester abortion (Berger et al.), 297
- Collagen synthesis, effect of estrogen on, at site of skin autograft (Yang, Okamura, and Beer), 694
- Collected during early pregnancy, free amino acids in maternal and fetal extracellular fluids (A'Zary, Saifer, and Schneck), 854
- College women, rubella immunity testing and immunization of (Evrard), 71
- Colon, sigmoid, use of, for rectal substitution following pelvic exenteration (Lagasse et al.), 106
- Communications in brief, 287-291, 576-587, 876-886, 1164-1170
- Community hospital, evaluation of high-risk maternity care in (Westberg, Clark, and Webb), 557
- Competency-based educational approach to reproductive biology (Brown et al.), 1036 (Current developments)
- Complicated pregnancy, normal and, cytolytic in (Bercovici, Schechter, and Golan), 831
- hormone and enzyme levels in (Ward et al.), 1105
- Complication(s) associated with unsuspected presence of intrauterine contraceptive devices (Porces), 579 (Comm. in brief)
- obstetric, when fetus has Potter's syndrome, Part II. Feto-placental function (Beischer et al.), 62

- Complication(s)—Cont'd  
of pelvic operation following abdominoperineal resection (Caspersen), 564  
potential: Intrauterine diagnosis (Robinson et al.), 937  
unusual, report of: Dehiscence following laparoscopy (Bishop and Halpin), 585 (Comm. in brief)
- Composition, chemical, of placenta in pregnancies with small-for-date infants (Iyengar), 66
- Concentrations of human chorionic gonadotropin, progesterone, and unconjugated and total estril in umbilical artery and vein plasma at term (Effer, Gupta, and YoungLai), 643
- Congenital immune deficiency states, initiation of management of infants with high probability of. Germ-free delivery (Malinak et al.), 201
- Contraception, intrauterine, in nulliparas with Dalkon Shield (Ostergard), 1088  
oral, thromboelastographic studies in (Siró, Misz, and Bazsó), 1167 (Comm. in brief)
- Contraceptive(s) agents, postcoital, use of estrogens as (Blye), 1044 (Current developments)  
choice and cervical cytology (Shulman and Merritt), 1079  
development, promise of pharmacologic modification of ovum transport in (Pauerstein et al.), 161  
device(s), intrauterine, complications associated with unsuspected presence of (Porges), 579 (Comm. in brief)  
effect of, on certain biochemical parameters, II. Studies on uterine flushings in baboon (Peplow, Breed, and Eckstein), 780  
method of collection, cellular composition, and protein electrophoretic profiles in animals with and without, I. Studies on uterine flushings in baboon (Peplow et al.), 771  
Massouras duck's foot No. 2 intrauterine, syndrome of past with use of: Intrauterine adhesions (Massouras), 576 (Comm. in brief)  
(TCu-200), copper T intrauterine, study of, in nulliparous women (Mishell, Israel, and Freid), 1092  
drugs, one-hour glucose tolerance in relation to use of (Phillips and Duffy), 91  
effect of intrauterine application of Lugol's solution (Lin et al.), 167  
methods, four, continuation and pregnancy rates with (Hall), 671  
oral, effects of, on anions and cations of human cervical mucus (Singh and Boss), 1017  
influence of recent use of, on early intrauterine development (Poland and Ash), 1138  
spirometry and (Freedman and Anderson), 682  
progestational oral, effects of, on lipids and lipases (Glueck et al.), 689  
steroids, oral, influence of, on serum lipids (de Alvarez, Jahed, and Spitalny), 727 (Current developments)
